5308 Putty Rd,
Colo Heights NSW

rallyschool.com.au

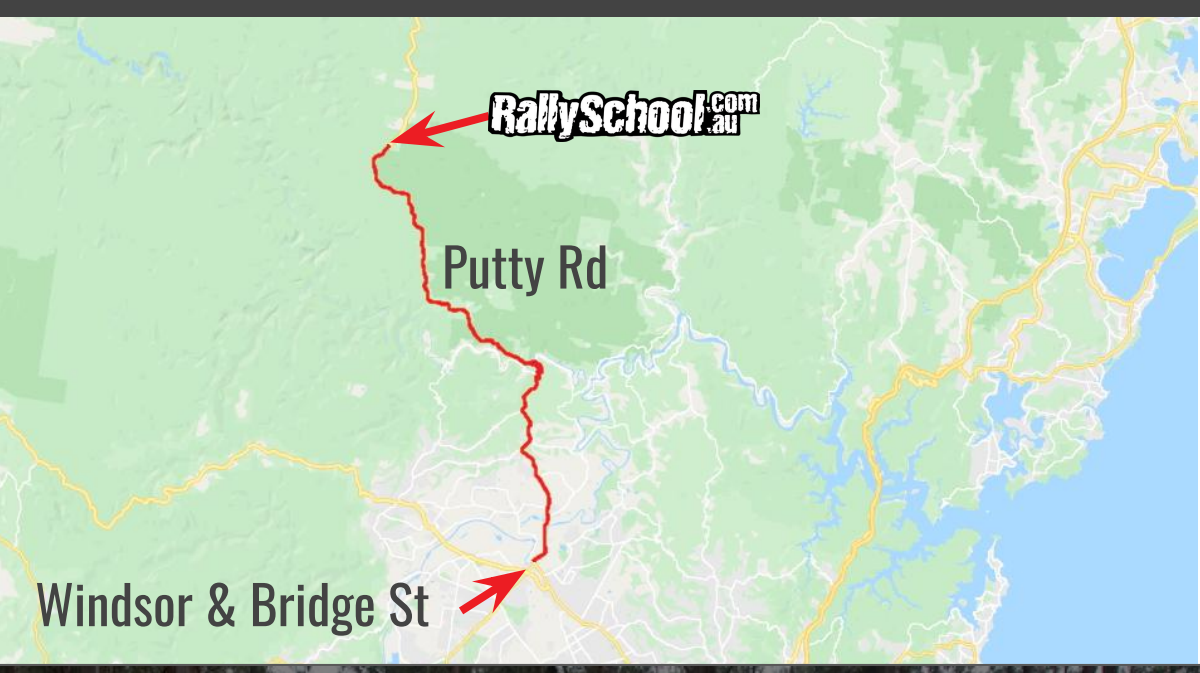

Make sure your booking isn't at our Hunter Valley location, also near Sydney.

If it is, [click here](#) to download directions to Hunter Valley.

DIRECTIONS

- 1 Drive to Windsor. At the end of Windsor Rd continue onto Bridge Street (towards Singleton which will be signposted) and cross Windsor Bridge (Hawkesbury River) onto Wilberforce Road (becomes Putty Road).
- 2 Continue on Putty Road past Colo Heights service station. This is the last available food & fuel.
- 3 Drive another 22kms (use your tripmeter) past the service station, then turn right into Colo Park North Entrance.

There is no phone reception close to the venue. We've put signs on the road to help you get there, but also recommend clicking on the directions button at the top of this PDF and save it in your phone. Click below for more info on using offline mode in your maps app: [Google Maps](#) | [Apple Maps](#).

Rally School Colo Heights / Sydney is located about an hour and a half out of Sydney's CBD, within the heart of the picturesque Colo National Park.

It's been hosting motor club sports since the 70s and the dirt roads are designed for going fast!

HOW THE DAY WORKS

Each day at the Rally School kicks off with a sign-in and full safety briefing process which includes an overview of the key driving techniques you'll need to know before you hit the track!

Depending on your booked experience, you'll then be assigned your car(s) and safety gear. There is opportunity to upgrade your package on the day to include more laps, cars and or even hot laps for friends and family. You might prefer to arrange any add-ons in advance so you can plan your day better. To discuss your add-on options, give the office a call or email anytime (see contact buttons at the top of this PDF).

Make sure to wear long pants and closed in shoes and give yourself plenty of time to find the track and sign-in. We'll see you there!

Had an awesome time driving the cars especially the left hand drive as it was my first left hand drive car. Instructors are friendly and gave advice on how to improve further

SHARE THE FUN!
